

Since 1998 a Project of the Rotary Club of Scarborough, Western Australia, assisted by The Christian Brothers.

QUARTERLY UPDATE

THE DRILL

*We listen, we care, we give
to disabled children & their families
around the world.*

Produced by Volunteers for Volunteers

"10 ROWS A DAY.."

A special tribute from Volunteer Beth Buchanan.

"Mollie Davies, a dear friend of mine and Wheelchairs for Kids, died in early January this year at the age of 97 years. She was a talented and skilled woman who, after hearing about the Wheelchairs for Kids Volunteers, joined our team of knee rug makers 12 years ago. She had never learned how to crochet; but soon learnt.

A call from Mollie was never that she had a rug but always 'some rugs to pick up when passing' which meant from 6 to 10 stunning rugs in a kaleidoscope of colours.

I shall quote her daughter, Roz, "She was so proud to be involved with Wheelchairs for Kids and promoted the Charity at every opportunity." She was a committed Ambassador. After a severe heart attack three years ago, the crocheting continued in hospital with her making sure everyone knew her work was for Wheelchairs for Kids. As her health was failing she set herself a daily challenge to crochet 10 rows with each row being one metre long.

Her last words to me as I left on my final visit were 'No rugs today, Beth.' A few days later she died leaving one of her 10 rows half finished. It has been my privilege to finish the rows and the rug for her.

It seems to me that we, as Volunteers, choose our rows and how many we can do. Whatever form the rows take it is all these '10 rows' we do that make Wheelchairs for Kids the great organisation it is.

Thank you, Mollie, for being such an inspiration helping to cover so many little knees."

(The above photo of Mollie was taken in the winter and you can see her beloved cat snuggled up in the blanket while she was crocheting away! - It worked for both of them! Thank you, Roz. Editor.)

WHEELCHAIRS FOR KIDS

45 DELLAMARTA ROAD, WANGARA. WESTERN AUSTRALIA.

WFK REPRESENTATION

Would you like to represent Wheelchairs for Kids at events that occur from time to time to raise funds for the project? It is proposed that a Committee be set up to organise representation at events like The Duck Derby and events at Hyde Park as well as at Fairs where we may have a stall.

If you are interested
please let Olly or Bob Sheridan know.

A Word from the CEO

CEO Gordon
Hudson

I've said before, most charities are really feeling the pinch during this economic downturn, but amazingly our income in the year to December increased again, with much of this from the doubling of income from our Christmas card project— thanks Cathy Cutler and family.

*Being so busy with the many facets of production and distribution we don't have time to do the bulk of our fund raising ourselves, but rely on a tremendous team of supporters Australia wide and in many walks of life donating or raising funds. Our main object in this respect is asking people to spread the word—**it works!***

*I always like to give an example of the lengths which people go to support us. One such instance, The Rotary Club of Upper Yarra, Victoria, with many worthwhile other projects of their own, ran a sausage sizzle for eight months just benefitting us . This at the local shopping centre. The sausages were even donated by the local butcher. A wheelchair was displayed and our leaflets handed out —**spreading the word.***

This magazine was originally commenced as an information and instruction vehicle to our production volunteers. The workshop now has a very well organised personal information and instruction set up and so this magazine has now become a flagship of the organisation. However one workshop occurrence is worthy of mention;

We have always attached a lot of importance to workshop safety, have attended seminars on the subject and recently asked a retired WorkSafe lecturer to survey our production unit, which he carried out voluntarily. We received a very favorable report, with only a few suggestions such as fitting emergency stops on some of the older machines and ensuring that all electrical leads are securely tied back. He noted that all electrical equipment is tagged as required - this by our own licensed volunteer electricians Bob Dickman and John Longmire.

Wheelchairs for Kids primary aim is to give a more meaningful life to many of the millions of disabled children in lesser resourced countries. We know that just supplying a wheelchair is only half way there. Correct fitting by a trained person is important. However, our output has grown such that it is often difficult to find areas having this competence, despite organisations such as Motivation carrying out this training task. Luckily, in Australia we have specialised Occupational Therapists who on occasions volunteer to go and train locals. The Wheelchairs for Kids Management Committee has therefore agreed that we will provide reasonable travel expenses to these volunteers. These funds normally being provided by donors agreeing to help in this way. Doesn't this make you even more proud of our project? Cheerio for now.

Gratitude from Sheryl's Dad in Malawi.

"I am Peter Ngunga from Malawi, a parent of Sheryl who is 6 years old and was born with cerebral palsy. I would like to thank you for making it possible for Sheryl to have a wheelchair, something important in her life but that we could not have afforded to buy.

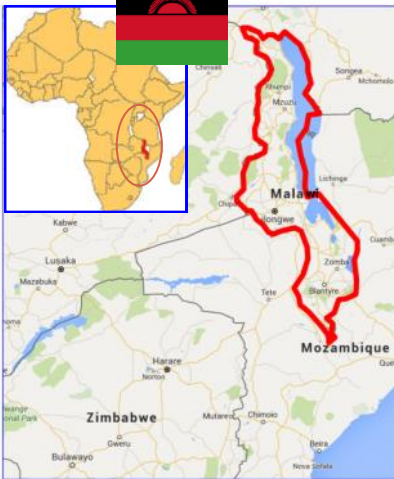

We live in the southern part in Zomba, the old capital city of Malawi. She is unable to talk, walk, crawl, eat by herself or manage body wastes.

The wheelchair relieves us of the difficulties in carrying her wherever we take her as she now weighs over 20 kg.

We received your kind donation through MAP (Malawi Against Polio) and Kachere Rehabilitation Centre.

I thought that maybe some beneficiaries do not give feedback because they are not aware where the wheelchairs come from. As for me, I read at the back of the wheelchair about you but those who gave us the wheelchair here never explained to us how the wheelchair came to be in Malawi or the people behind it.

Thank you for this and continue to reach out to others in need as well."

BIG thank you to all who have contributed to our income from the metal recycling activity. Since 2005, the money from all those aluminium cans, aluminium ringpulls, copper bits and pieces etc etc has put around **365** wheelchairs into needy families in under-resourced countries.

1,110,000
the number of ringpulls worth \$200 (the cost of a wheelchair).

Residents of Bandyup Prison help Wheelchairs for Kids

Assistant Superintendent Offender Services **Kym McKay** explains why **Bandyup residents** became involved in producing 95 backrest cushion covers for our wheelchairs:

"Providing opportunities for our residents to engage in real world community based initiatives is an important step in their rehabilitation and preparation for reintegration back into the community."

A highlight of this program was the sense of pride the residents developed in being able to assist children who are far less fortunate than most."

Image: L-R Wheelchairs for Kids representatives Beppie De Kuyer and Bob Sheridan accept the cushion covers at Bandyup in September 2015.

***LOOK FORWARD TO A GREAT EVENING IN JULY !**

WINNERS' PRIZES, RAFFLE AND SPOT PRIZES.

QUIZ NIGHT

FRIDAY JULY 22

A FUNDRAISING NIGHT IN AID OF
Wheelchairs for Kids

\$15
A TICKET

AT GIBSON PARK COMMUNITY CENTRE,
GIBSON AVENUE, PADBURY, W.A.

STARTING TIME IN THE NEXT ISSUE OF THE DRILL.

FOR MORE INFORMATION OR
TO DONATE ITEMS FOR PRIZES
PLEASE CONTACT MARIE AT
marietcocks@gmail.com

OR
TELEPHONE MARIE ON **9246 0138** AND LEAVE A MESSAGE.

WHY MISS OUT ? BOOK YOUR TABLE EARLY !

**TABLES OF
6**

Once again a team of
Wheelchairs for Kids
Volunteers are getting
together to hold a Stall at
the Poynter Primary

School's Farmers' Market on Saturday
7th May 2016 from 9.00am to 12.00 noon

to fund raise for our worthy cause -
Wheelchairs for Kids.

To help make this Stall successful I am
asking for your help with donations of
cakes, slices, biscuits and preserves. Any
plants you would like to pot and donate
will also be welcomed.

There will also be a Raffle of a
"Mothers' Day Hamper"

I can be contacted by email on
egalos@bigpond.net.au or
mobile **0406 961 978.**

On the day before, your donations may be dropped off
at my home 14 Pebblewood Road Woodvale...
or I am willing to come to you and collect.

Please help to make this another successful day.

Thankyou
Beth Galos

MAY & JULY HAPPENINGS.

VOLUNTEERS WHO MAKE THE WHEELCHAIRS

727

Wheelchairs for Kids on Display in Melbourne.

Rotary

In November, 2015, Wheelchairs For Kids exhibited at the Zone Institute Showcase in Melbourne which is an annual event on the Rotary calendar in Australia and New Zealand attended by all the existing and incoming Executive level Rotary personnel who determine the pathway into the next Rotary year. About forty exhibitors were present at the Institute Showcase. The WFK booth attracted much attention and interest from the attendees numbering around four hundred. Our special thanks go to attendees **Rotarians Russell Hayes** (Wheelchairs For Kids East Coast Division) and **Trevor Canning** (Chairman, Wheelchairs For Kids Management Committee).
