Please be advised that, like all  
Clubs, we have limited positions  
available.

With over 30 teams, West Coasters Netball Club is one of the biggest clubs at Perth Netball Association.

The club has great coaches and a fantastic club culture. We believe in all players being developed to coach and umpire and have specific coordinators supervising these areas.

We are a club that encourages and supports players to trial for Association and regional development programs. In 2019/20 a large number of West Coasters players were selected for various programs.

Teams can also participate in external competitions throughout the year.
